

BOUTET

CERTIFICATE OF COMPLIANCE WITH EUROPEAN DIRECTIVE 2011/65/EU

RoHS 2

Dear Madam , Dear Sir,

We are very pleased to respond to your request with regard to the RoHS 2 Regulations.

BOUTET sas systematically follows all national and international laws and regulations, keeping track of all pertinent changes and additions as well as of new candidate substances.

And we are fully aware of the dynamic nature of these RoHS 2 regulations.

Consequently, we hereby certify that the following BOUTET Component:

Spring plunger

"Long-Lok" secured, bead and hexagonal socket

Fully complies with the latest European RoHS 2 Regulations. Furthermore, we certify the conformity of this component with its description at <http://preproden.e-boutet.fr/indexing-plungers-and-spring-plungers/spring-plunger-long-lok-secured-bead-and-hexagonal-socket.html>

As the world leading Manufacturer of Industrial Handles since 1925, BOUTET sas systematically uses the highest quality of plastic composite materials, as stated on each product description form.

Saint-Ouen Sur Seine, France, October 1st, 2017.

Hans Michael STETTEN

President
